Rohit KUMAR

Java Developer

I am a motivated Java Backend Developer (Fresher) with hands-on experience in building Spring Boot APIs, MySQL databases, and Java projects. I have a strong understanding of OOPs, excellent problem-solving skills, and a commitment to writing clean and efficient code. I am seeking an entry-level developer role where I can learn quickly, contribute effectively, and grow with the team

Full Professional Proficiency

INTERESTS

Learn Programming

Playing Kabaddi

EDUCATION

Bachelor of Computer Application
Cimage College Patna

07/2023 - 2026 *Patna*

PERSONAL PROJECTS:

Weather App (Backend) (Oct -2025-Oct 2025)

Developed RESTful APIs using spring boot to fetch real-time weather data

Integrated a third-party weather API and processed JSON responses.

Tested end validated APIs end points using Postman

E-Commerce Backend System:(Nov-2025–Nov2025)

Built a backend E-Commerce application using Spring Boot and MySQL Implemented CRUD operations for users and products.

Used Postman for API testing and Git for version control

EXPERIENCE

Student (Academic Project Experience)
Cimage College Patna

10/2025 - 11/2025 *Patna*

- Developed 2+ Spring Boot backend projects as part of the academic curriculum, integrating REST APIs and MySQL.

Implemented CRUD operations for users and products with proper testing using Postman

- Enhanced project efficiency and maintainability in 2+ backend projects by following clean code and modular design principles

CERTIFICATES:

Java Test & Training Program- IIT Bombay (June-2025 – July-2025)

Learned Core Java, OOPs, Exception Handling and completed practical coding assignments

ACHIEVEMENTS

Successfully Completed 2+ backend Project using java and Spring (June-2025 – Dec-2025)

Designed spring boot backend

Successfully developed a Spring Boot backend project including a Weather App and an e-Commerce application

Achieved Some Postman Experience

Gained hands-on experience in building and testing REST APIs using Spring Boot and Postman,
